## Superintendent's Highlights

The school year was an extremely successful year for students in the school district in academics as well as activities in all four of the district's schools. Construction of the new high school was begun and is scheduled to be completed in July 2002.

The year saw the dedication in September of the American Falls Academy alternative school which ran at full-capacity throughout the year and graduated ten students in its first full year. The academy is used not only by the district, but also by the community for various parenting classes.

The district also initiated the levels assessment to provide direction and guidance in the curriculum program along with the revising of the district science program.

The students excelled in activities with the girls' basketball team winning the A-2 State Basketball Title, girls' volleyball team winning the State Academic Championship and the girls' softball team qualifying for the state tournament.

In addition, the boys' track team won the State A-2 4X100 relay and the football team was a state semi-finalist. The drama program presented four successful productions including "Hello Dolly".

## Progress Towards Meeting District Goals

### 1999-00 Goals

### Progress

#### Student Achievement:

Continue to maintain and improve the curriculum and instruction frame work throughout the district and develop and enhance the student environment.

The district science curriculum was reviewed and revised. The district successfully adopted and implemented the Levels Testing Program sponsored by the Albertson's Foundation.

#### Facilities Development:

Develop a long-range facility development plan, preventative maintenance program to upgrade existing buildings and facilities and develop a plan to build a new high school facility.

The district dedicated the American Falls Academy along with completing the planning and beginning construction of a new 142,000 square foot high school presently being constructed to replace the old building. Also, additional parking areas at the academy building and replacing of the floor covering at Hillcrest Elementary will be completed during the summer of 2000.

#### Leadership Development:

Continue to expand the direct focus on site-based management concepts to support district-wide organizational development and staff, administration and board development.

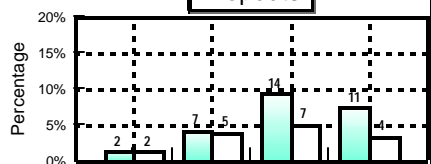

The district in-service program continues to provide significant progress, with the 90% goal of the entire district having passed the state technology test nearly attained.
